Nationally known wildlife and prize winning nature photographer, Larry Perry, will be presenting a special program at the Huntsville Photographic Society meeting on Monday evening October 12. Larry's programs have material in them for everyone, regardless of their photography skill level. The program entitled, "An Evening with Larry Perry" promises to be one the most talked about programs of the year for area photographers. His programs are entertaining, educational and often controversial.

The audience will experience wildlife photographed up close and personal as well as some neat tricks that any photographer can use to really enhance their images to make them "Pop".

If you have ever attended one of Larry's presentations in the past, you already know that you're in for a treat. If you have not been to one of Larry's presentations, then make plans now to attend. You don't want to be left out because everyone will be talking about this program for a long time.

## From The President

Fall is definitely in the air, and the days are getting noticeably shorter. With the growing interest in night photography, the cold fronts that will start moving through should provide good, clean air for taking shots of the night sky. Also, this time of year brings many festivals, such as the Tennessee Valley Old Time Fiddler's Convention in Athens this month, which are fantastic photo opportunities. In fact, there will be a Scott Kelby Photowalk in Athens this month, during the time of the Fiddler's Convention. So, get out there and take advantage of the season.

Tom and Pat Cory provided our September program, giving us tips from "In and Out of the Sky." Along with beautiful photos of things in and out of the sky, such as the moon, the aurora, birds, and butterflies, they gave us the inside scoop on how to best photograph those subjects. The Cory's are always a delight for us, and we appreciate their long-time support to HPS.

Our September judge was Barry Jackson. Barry is a lifetime honorary member of HPS, along with being a past president of HPS. He is an accomplished professional photographer, having photos hanging in many prestigious museums. Barry did a great job, especially considering the very subjective nature of the topic, taking time to comment on every entry submitted. And again, we had several entries from new/recent members, which is always great to see. Congratulations to all of our winners, and be sure to check out their images in the newsletter and HPS website gallery.

Based on the success of the training class provided by Dusty Doddridge last March, HPS is having another one on November 14<sup>th</sup>. Dusty will provide instruction on digital photographic printing. Check out the newsletter for more details.

A few days ago, I forwarded our first Camera Club Council of Tennessee newsletter. It has lots of interesting information, so please read it. There are competitions available to enter, along with information on the outing to Reelfoot State Park in Northwest Tennessee.

The Huntsville Museum of Art has set the dates for the 2016 exhibition of the Huntsville Photographic Society. The show will run from May 14 through August 21, 2016 in the Jurenko Gallery. We will hold the opening reception on Sunday, May 15 from 2 to 4 pm. Please start thinking about what images you would like to submit for possible exhibition; again, 50 images will be selected to hang in the Museum. Stay tuned for more information on the schedule.

Larry Perry, from Knoxville will be conduct our program this month. Larry is a fantastic photographer and teacher, so don't miss this. Patrick Oden, a favorite presenter and judge, will be our judge for October's Open competition.
