*** Roberto Puon 1971 – 2004 ***

We were saddened to learn our HPS friend and member Roberto Puon passed away Monday, August 30. Our sincere condolences go to his dear wife Amy and his parents Roberto and Yolanda.

Roberto was a very active, and creative member of HPS in years past. He always had a positive attitude and was friendly to everyone he knew. He had an easy smile that displayed his friendly disposition.

He served as HPS Treasurer, and created and actively maintained our web-site. His vision and energy will be greatly missed.

FROM THE PRESIDENT

Our thanks to Tom and Pat Cory for their instructional presentation on developing a photographic style. Tom illustrated his points with images from here in the Southeast and from tours to California, Europe, New Zealand, and other areas. Pat showed some beautiful video clips from Ireland and New Zealand that are part of their current catalog. They have a workshop on October 2 at the Huntsville Botanical Garden, as well as several tours with space available.

Gil Brady was our judge for the Joy competition in August. Gil was well-suited to the topic from his professional experience as owner of the Gil Brady Photography here in Huntsville. Gil provided good explanations of his choices that stressed simplicity and timing to convey the subject. Our program on September 13 will be the results of the Shoot-Out. Several members of HPS participated in taking photos in six categories of locations and subjects around Huntsville in mid-August. We'll be presenting a slide show of a selection of the entries and awarding prizes to the placing pictures in each category. Our thanks to Steve Cassidy of Professional Photographic Services for processing the film and providing the prizes.

Barry Jackson will be joining us again at the September competition judging the Open topic. When Barry was competing this was one of his favorite topics because he could enter just about anything. So review his tips on the website (www.huntsvillephotographicsociety.org) and enter your best!

Instructors and co-founders Vicki Stephens and Jeff Woodlee will provide on-site instruction on a variety of subjects during the workshop for an enjoyable learning experience.

The PhotoRoadShow was started to fill a large need in the photographic workshop market. With the help, support and feedback from many former students and workshop participants, a plan was developed to satisfy that need. Many of the same popular destinations will be offered as the nationally known workshop companies, but at a more affordable price and group sizes will be kept small, which will insure a lower student-to-instructor ratio.

The goal is to offer in depth instruction on a wide variety of photographic topics, both in the classroom and on location in real world shooting situations. Participants can also expect receive an abundance of one-on-one instruction tailored to their individual needs and skill levels. Affordability is also very important to us. That is why PhotoRoadShow is committed to getting you to the right place, at the right time, for the right price! So join us soon for a trip down The Road. We are confident you are going to enjoy the ride!
